Project Permanent Deletion Warning

Dear Developer,

Your Google Cloud project first-flutter-cc969 was shut down on March 24, 2025 5:14:39 AM UTC.

Shut-down projects and the data stored in them may be recovered for a limited time before the projects are permanently deleted. If you'd like to recover your project, you must cancel the project's permanent deletion before April 23, 2025 5:14:39 AM UTC.

To recover your shut-down project:

1. Visit the Resources pending deletion page.
2. Select the project you want to recover, and click **Restore**.
3. In the confirmation dialog, click **Restore**.

If you cannot recover your project by following the instructions above, you can try restoring it using the gcloud undelete command.

If you take no action by **April 23, 2025 5:14:39 AM UTC**, you will be unable to recover your project.

If you have any questions, please visit Google Cloud Platform Resource Manager Documentation or contact Google Cloud Platform Support.

Cordially,
The Google Cloud Platform Team
